

Thank you for your support this month. By promoting re-use of furniture and household goods, we have together **saved nearly 13,300kgs** of perfectly good items **from landfill** on our island. (That is about the same weight and maybe easier to imagine as 678 average TV units - whew!)

This February we collected re-usable items from nearly 250 people enabling **over 700 families to benefit** by being able to purchase affordable household goods for their homes. In 2018 more than 2,100 households donated furniture and household goods to Storeroom and over 8,600 families were able to purchase affordable items to help make their living accommodation more comfortable and homely.

Do you have spare time which you could donate to us and **become a volunteer** at Storeroom? Give as little or as much time as you can spare and be part of our team. You can help in our shop, warehouse or on our vans. Our volunteers are the reason we are here and open for everyone in our island community. Team Storeroom 😊

Storeroom Volunteers received The Queens Award for Voluntary Service – this is the **MBE for Volunteer Groups**. Our Volunteer team are the reason Storeroom is here for you all. They keep Storeroom running smoothly and without them we would not be able to open our doors.

We have a **referral system** in place, enabling people in need to qualify for a discount on many of the items offered for sale at Storeroom. Please ask your support provider for further information. Also, Isle Help – Help through Crisis, will consider all applications for assistance for those experiencing genuine hardship.
