

# STOREROOM2010 – VOLUNTEER OPPORTUNITIES

Storeroom2010 is situated on the Somerton Industrial Park at 1 Mariners Way; off Saunders Drive which is opposite the new ALDI store.

We are open Tuesday, Wednesday, Thursday, Friday and Saturday from 9:30-4 for our volunteer opportunities.

Days and times vary slightly for each opportunity. Please call us to discuss on 01983 298679.

## **VAN DRIVER'S MATE**

*Van Driver's Mate - Assist with deliveries & collections. Keep vehicle clean and tidy*

Our volunteer van driver's mates need to be fit and able to move or carry heavy items of furniture with the aid of a sack truck or working alongside one or two others. They may help to load the vans with deliveries which are going out and help unload collected items brought back. Keeping busy and using muscle power is often very satisfying, sometimes just as much mentally as it is physically!

Previous experience of manual handling and dealing with the public is useful, with reading and writing skills essential in order to complete simple paperwork. Any experience of working with people under support may prove valuable too. We appreciate volunteers who are self-motivated, who can look around, notice what needs doing and get it done! Every small task accomplished will help to keep our charity running smoothly and efficiently.

## **WAREHOUSE ASSISTANT**

*Warehouse Assistant - keep area safe, clean and tidy. Prepare delivery orders.*

Our warehouse assistants need to be fit and able to move or carry heavy items of furniture with the aid of a sack truck or work alongside another volunteer. Occasionally a customer may need help or advice too, so dealing with them would also be part of this volunteer opportunity. Our warehouse staff help to load the vans with deliveries which are going out and unload collections brought in. Keeping busy and using muscle power is often very satisfying, sometimes just as much mentally as it is physically!

Every small task accomplished will help to keep our charity running smoothly and efficiently.

## **SHOP ASSISTANT**

*Shop Assistant - assist customers and keep area clean and attractive to promote sales*

Our volunteer shop assistant will operate the till, handle gift aid sales and deal with debit card payments too. When not assisting or serving customers, the shop needs to be kept clean and attractive in order to encourage sales. We often find that just moving items from one area to another, or changing around the displays, can help items to sell. We are open to the general public, but also have people in need referred to us by one of around 50 agencies from across the island. This group of people often need more assistance and guidance with their requirements and they benefit from a cheaper price on many items too.
